BETTER TOGETHER

Welcome

Dear Industry Colleague

On behalf of the Australasian Academy of Cerebral Palsy and Developmental Medicine (AusACPDM) and the International Alliance of Academies of Childhood Disability (IAACD), we invite and welcome you to the Joint 11th AusACPDM biennial, and 3rd IAACD triennial international conference in Melbourne, Australia 1 – 5 March 2022. The Conference offers the opportunity to speak to health care professionals and consumers with lived experience in the field of developmental medicine from all over Australia, New Zealand and the rest of the world.

The Conference theme Better Together embodies the values and visions of our Academies to come together to ensure rapid dissemination and global impact through partnership. We invite you to connect, communicate and collaborate, before, during and after the conference.

In 2022, our Conference will be hybrid offering the in-person experience at the venue and for those who are unable to travel the ability to connect virtually. This format will ensure even greater audience reach for all of our supporters.

We look forward to your participation.

Christine Imms
Chair (AusACPDM)

James Rice
Co-Chair (AusACPDM)

Roslyn Boyd
Co-Chair (IAACD)

Combined Conference Committee 2022.

About AusACPDM

The Australasian Academy of Cerebral Palsy and Developmental Medicine (AusACPDM) provides evidence-based multidisciplinary scientific education for health professionals and people with lived experience of childhood onset disability; promotes and advocates for excellence in research, knowledge translation and best practice clinical care for children and adults with cerebral palsy and developmental conditions.

Our aim: By 2025, AusACPDM will continue its roles as an international leader in education and knowledge translation for multidisciplinary practitioners, researchers and people with lived experience.

About IAACD

The International Alliance of Academies of Childhood Disability (IAACD) was founded in 2014 by the **American Academy of Cerebral Palsy and Developmental Medicine** (AAPDM); the **European Academy of Childhood Disability** (EACD); and the **Australian Academy of Cerebral Palsy and Developmental Medicine** (AusACPDM). The Alliance encourages networking and strong participation of health care professionals and scientists from around the world. Hosting a joint meeting is a great way to establish and strengthen these international connections by gathering professionals working with childhood disability from all over the world to exchange ideas and discuss new research and medical advances. The IAACD now has Member Academies from India, Mexico, China, Sri Lanka and Southern Africa, and Provisional Members from Korea and Eastern Africa.

Purpose and Mission

The purpose and mission of IAACD are to improve the health and well-being of children, youth and adults with child-onset disabilities around the globe. This is achieved by enhancing local multidisciplinary professional capacity and expertise through an international collaboration between academics.

IAACD's purpose and mission includes:

1

Promoting evidence based teaching and training of multidisciplinary professionals in all aspects of child-onset disability with a lifespan perspective across different regions and cultures;

2

Fostering collaboration to support all involved in the care of children and youth with disabilities including parents, caretakers, communities and professionals;

3

Promoting scientific and needs-driven research in childhood disability that is applicable across diverse needs and conditions;

4

Promoting the implementation of child-onset disability practice which is informed by regional and cultural variation; and

5

Partnering with key stakeholders and organisations in support of the rights of individuals with child-onset disabilities.

Marketing Reach

The Member Academies of the IAACD have extensive communication channels across multiple specialties in their regions. Communication methods include print advertising, advertorials, email blasts, member newsletters, social media platforms and websites. The Better Together 2022 Conference will be promoted through these channels ensuring an extensive reach to an international audience.

Target Audience

Paediatricians, rehabilitation specialists, orthopaedic surgeons, neurosurgeons, neurologists, neonatologists, physiotherapists, occupational therapists, speech pathologists, psychologists, social workers, exercise physiologists, podiatrists, prosthetists, orthotists, researchers, educators, early childhood and early intervention teachers.

The **Better Together** Conference will also welcome children, families and people with lived experience of developmental disability.

Previous Attendance

International attendance in 2019 included professionals from more than 53 countries across North and South America, Europe, Asia, Africa, and Australia, with attendance reaching over 1,400 professionals from various disciplines. This Conference is the only one of its kind bringing together so many specialists focused on child-onset disability.

What's in it for you?

With over 1,000 participants taking part in Better Together 2022 (both on-line and in-person) aligning your organisation with this important field of health and welfare provides you with the opportunity to consolidate relationships and expose your brand to a highly targeted audience involved in child-onset disabilities.

- Participate in the world's premier conference for child-onset disabilities
- Connect with key decision makers in multidisciplinary scientific education for health professionals and researchers dedicated to the wellbeing of people with child-onset disabilities
- Ensure your organisation stays abreast of current developments and research and use this information to stay ahead of the market
- Increase awareness and exposure of your organisation via a variety of marketing mediums
- Develop business connections and strengthen relationships through face-to-face engagement
- Exhibit and generate new leads, develop your brand or launch a new product through the exhibition
- Maximise your time and resources by showcasing your organisation to a relevant and influential audience in an environment away from the competition of everyday distractions
- Utilise this multi-level platform to demonstrate new equipment, promote new products or techniques and generate new business

Who should support Better Together 2022?

We are looking for future thinking industry partners to assist us in maximising attendance and engagement of the Conference. Organisations will have the flexibility to network with delegates face-to-face and virtually.

Delegates who will attend **Better Together 2022** work with people living with a wide range of child-onset disabilities, including but not limited to cerebral palsy, neuromuscular diseases, spinal cord injury and disease, intellectual disability and chromosomal disorders, providing health care, rehabilitation and educational support in clinical or community settings.

Interventions include:

- Surgical and pharmacological interventions
- Therapy and interventions
- Family support
- Provision of specialist equipment such as mobility and communication devices

Delegates are also involved in conducting clinical research e.g. cerebral palsy registries and randomised trials of rehabilitation interventions.

Feedback from previous conferences has shown delegates are keen to see the following in the exhibition:

- New innovations
- Robotics
- Swallowing and feeding management
- Equipment to support and enable function and participation
- Positioning, seating and mobility equipment
- Adapted sports and other participatory activities
- Technical solutions
- Virtual reality systems, games, interventions
- Publications
- Communication devices – telecommunication solutions; computing solutions; AAC and other speech solutions
- Clothing companies – eg designs for easy access shoes; magnet buttons
- Biomechanical solutions/devices

Hybrid	
<p>More exposure More attendees More longevity – (your supporter package will remain on the virtual platform after the live dates)!</p>	
In-Person	Virtual
<p>If you are able to attend the in-person Conference in Melbourne, you can expect to network face-to-face with approximately 500 health professionals from Australia, New Zealand and the Pacific region as well as having a presence in the virtual platform ensuring you do not miss out on our virtual attendees. If international travel permits, you can expect to engage with well over 1000 delegates in person.</p>	<p>Our virtual exhibitors will receive equal promotion to in-person supporters in the lead up to, during and after the conference.</p> <p>Virtual exhibitors have the ability to:</p> <ul style="list-style-type: none"> • Network with delegates via Live Chat • Host corporate videos and brochures • Receive detailed analytics reports

A wide-angle photograph of the Melbourne skyline at sunset. The city's skyscrapers, including the Eureka Tower, are silhouetted against a sky with vibrant orange and pink clouds. The Yarra River flows in the foreground, reflecting the city lights and the colorful sky. A bridge is visible in the distance.

Conference City and Venue

The location is Melbourne, Australia. A sophisticated, beautiful and safe city of 4 million people with a great public transport system, Melbourne is not just an ideal Conference venue but a destination in its own right. Named the world's most liveable city for three years in a row, those who live there also boast of its great arts culture, attractions, sports icons and world-renowned café and dining scene.

It is also known as Australia's knowledge capital. A city of great minds and a place where the world's brightest thinkers gather to inspire, innovate and deliver real change.

Venue: Melbourne Convention and Exhibition Centre
Melbourne Victoria 3005 www.mcec.com.au

The Melbourne Convention and Exhibition Centre is superbly located on the banks of Melbourne's Yarra River, close to the heart of the CBD and just 30 minutes from Melbourne's International Airport. The modern complex is a landmark in the area, perched on the south bank of the Yarra River, and surrounded on all sides by trams, trains, buses, taxi ranks and ample car parking. A short meander along the iconic Southbank Promenade places you in the heart of Melbourne city – Australia's culture, cuisine and events capital – where visitors can enjoy a perfect café latte by day or an award-winning local wine by night.

The venue is in easy walking distance from a range of accommodation options, which will be available to delegates to book at the time of registering for the Conference.

Support Opportunities

A variety of options is being offered for your organisation's exposure at **Better Together 2022**. Please note, the Conference is happy to tailor packages and we encourage those with interest in involvement and exposure, to contact our Sponsorship and Exhibition Manager to discuss what is possible.

Please note prices **exclude** 10% Goods and Services Tax (GST)
